

Help your customers upgrade for less this winter.

For a limited time, Firstgas is offering homeowners up to \$1,000 towards the installation cost of high-efficiency Rinnai EF26 gas water heating systems.

Limited allocation available. Offer limited to the first 20 Rinnai EF26 installations only.

[MORE INFORMATION ON REVERSE](#)

Rinnai

Firstgas

Why choose the Rinnai EF26

Uses 11% less energy compared to a standard Rinnai INFINITY A26

High-efficiency condensing technology

Continuous flow hot water – never run out

Premium Rinnai engineering

Great upgrade option for older gas hot water systems

How the promotion works

1. Visit www.firstgas.co.nz/get-connected/check-availability to check your customer's address is valid
2. Check with connections@firstgas.co.nz that your customer has received approval from Firstgas Connections that the promotion is still available.
3. Assess the customer's existing appliance to make sure it's over 10 years old OR end of life.
4. Install the Rinnai EF26 for an eligible customer
5. Invoice the customer for your agreed cost minus \$1,000
6. Invoice Rinnai for the \$1,000 installation subsidy provided by Firstgas
