

2 August 2018

Attention: All parties to a Transmission Services Agreement or Interconnection Agreement under the Maui Pipeline Operating Code (MPOC)

Notice regarding MPOC Tariffs from 1 October 2018

The following tariffs will be charged from 1 October 2018 to 30 September 2019 (FY2019) for transmission services provided under the Maui Pipeline Operating Code (MPOC):

- Tariff 1 - \$0.001601 per GJ.km
- Tariff 2 - \$0.073132 per GJ

These tariffs, together with prices to be set under the Vector Transmission Code (VTC) for FY2019, are calculated to recover regulated revenue under the Default Price-Quality Path (DPP) Determination 2017 ([2017] NZCC 14 Gas Transmission Services DPP Determination 2017 – 29 May 2017, available here: <http://www.comcom.govt.nz/regulated-industries/gas-pipelines/gas-default-price-quality-path/2017-2022-gas-dpp/>).

These tariffs enable the costs associated with the Maui pipeline to be recovered from MPOC tariffs. The full Transmission Pricing Methodology will be published at least 20 days prior to 1 October in accordance with the Gas Transmission Information Disclosure Determination.

Yours faithfully
